Every

1

minutes, someone
in the UK is told
they have blood
cancer or a related
disorder

2,000

The number of people in the UK who need a stem cell transplant every year

£40

could pay to recruit, tissue type, and maintain one new

donor on our register

Last year, we gave over

1,300

people a second chance of life

we gave over

...but this drops to just

20%

if you're from a black, Asian or minority ethnic background

Currently, we can only find the best matching donor for

69%

of Northern European patients in need of a lifesaving transplant

saving the lives of people with blood cancer

We have over

720,000

potential donors on the register but this number needs to keep growing
